

Listening maps & plans · Gemini prompts

IELTS AI by nextED · from IELTS_Listening_Question_Bank_ElevenLabs_v4.pdf · 4 sets, 8 images

The 8 images

- **P1-PM** Finding Your Way Around Riverside Mall (Part 1 · Canadian English): P1-PM_map1.png, P1-PM_map2.png
- **P2-PM** Maple Ridge Nature Reserve and Visitor Centre (Part 2 · Canadian English): P2-PM_map1.png, P2-PM_map2.png
- **P3-PM** Induction Tour of the Materials-Testing Lab (Part 3 · British English): P3-PM_map1.png, P3-PM_map2.png
- **P4-PM** The Layout of a Roman Bathhouse (Part 4 · British English): P4-PM_map1.png, P4-PM_map2.png

How to use

- Paste one prompt box into Gemini exactly as it is. One image per chat works best.
- Save each image with the file name shown and send them to us. We add them to the app.
- Gemini often misplaces or garbles letters. Check every letter against the "Answer check" line under the prompt. If one is wrong, reply "move letter X to ..." or fix it in any image editor.
- Make sure no place or room names appear next to the letters. That would give away the answers.

P1-PM · Finding Your Way Around Riverside Mall

A visitor asks the information-desk assistant for directions around both floors of the mall. · Part 1 · Canadian English

1. Ground floor plan (Questions 1-10) → save as P1-PM_map1.png

Create a clean IELTS Listening exam-style FLOOR PLAN of a shopping mall as a black-and-white line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no shading, no perspective, no people, no furniture detail, white background, thin black lines, simple sans-serif labels. Portrait 3:4, 1200 x 1600 px.

Title at the top: "Riverside Mall · Ground floor". Compass arrow with "N" pointing up in the top-right corner.

Layout (north is up): a long rectangular building. The main entrance is a wide door gap in the middle of the SOUTH (bottom) wall with an arrow pointing in, labelled "Main entrance". A wide main corridor runs from the entrance straight north through the middle of the building, labelled "Main corridor". A round fountain sits in the centre of the corridor, labelled "Fountain"; next to it draw an escalator symbol labelled "Escalators". Shop units line both sides of the corridor (west side and east side), and a wide space fills the north end.

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, never write the names of the lettered places:

- A - the unit immediately LEFT (west) of the main entrance.
- B - the unit immediately RIGHT (east) of the main entrance, directly opposite A.
- C - west side of the corridor, halfway between the entrance and the fountain.
- D - east side of the corridor, halfway between the entrance and the fountain, directly opposite C.
- E - a small desk in the centre, right beside the fountain.
- I - west side, near the north end (north of the fountain).
- J - east side, near the north end, directly opposite I.
- G - the north end, centre, straight ahead at the top of the main corridor.
- F - the north-west corner, just left of G.
- H - the north-east corner, just right of G.

Do not add any other letters, numbers, icons or names. Every letter must be clearly readable and must not overlap a line.

Answer check: 1 Information desk E · 2 Pharmacy B · 3 Bank A · 4 Shoe shop C · 5 Bookstore D · 6 Electronics store I · 7 Restrooms J · 8 Food court G · 9 Children's play area F · 10 Cinema entrance H. Nothing may be drawn as toilets near the entrance (the audio says old maps show them there).

2. First floor plan (Questions 11-20) → save as P1-PM_map2.png

Create a clean IELTS Listening exam-style FLOOR PLAN of a shopping mall upper floor as a black-and-white line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no shading, no perspective, no people, no furniture detail, white background, thin black lines, simple sans-serif labels. Portrait 3:4, 1200 x 1600 px.

Title at the top: "Riverside Mall · First floor". Compass arrow with "N" pointing up in the top-right corner.

Layout (north is up): the same rectangular building. Escalators arrive in the centre of the floor, drawn as an escalator symbol with an arrow pointing north, labelled "Escalators". Just north of the escalators is an open atrium (a void above the fountain), drawn as a rectangle with a dashed outline, labelled "Atrium". A west wing runs down the whole left side and an east wing runs down the whole right side; each wing is split into a south section and a north section by a line.

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, never write the names of the lettered places:

D - immediately LEFT (west) at the top of the escalators.

H - immediately RIGHT (east) at the top of the escalators.

A - west wing, south section.

F - west wing, north section.

J - east wing, south section.

C - east wing, north section.

B - a balcony along the north edge of the atrium, overlooking it.

I - the far north end, behind (north of) the balcony B.

E - the south end, west side, between the south wall and the escalators.

G - the south end, east side, directly opposite E.

Do not add any other letters, numbers, icons or names. Every letter must be clearly readable and must not overlap a line.

Answer check: 11 Customer service H · 12 Jewellery kiosk D · 13 Men's clothing F · 14 Women's clothing A · 15 Homeware J · 16 Staff office C · 17 Café B · 18 Toilets I · 19 Lifts G · 20 Photo studio E.

P2-PM · Maple Ridge Nature Reserve and Visitor Centre

A ranger describes the reserve and then the Lake View Visitor Centre while visitors follow a printed map. · Part 2 · Canadian English

3. Reserve map (Questions 1-10) → save as P2-PM_map1.png

Create a clean IELTS Listening exam-style MAP as a black-and-white line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no shading, no perspective, no people, white background, thin black lines, simple sans-serif labels. Landscape 4:3, 1600 x 1200 px.

Title at the top: "Maple Ridge Nature Reserve". Compass arrow with "N" pointing up in the top-right corner.

Layout (north is up):

- A large lake fills the centre of the map. A small UNLABELLED island sits in the middle of the lake.
- South edge: a road runs left-to-right along the bottom, labelled "Road". Just north of the road, in the bottom-centre, is the entrance gate, labelled "Entrance". Next to the gate, on its west side, is a small car park labelled "Main car park".
- A path labelled "Main path" goes north from the entrance to the lake and splits: one branch follows the east shore northwards, the other follows the west shore and ends at the forest in the north-west.
- A stream labelled "Stream" flows from the top edge down into the northern tip of the lake.
- North-west corner: forest (small tree symbols). North-east corner: a raised ridge drawn with contour lines, labelled "Ridge". Reeds (short vertical strokes) at the north-east corner of the lake.

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, no place names:

- F - just inside the entrance gate, on the LEFT (west) side of the main path.
- C - also on the left of the main path, a little further north, right beside F.
- H - on the east shore of the lake, halfway up, beside the east path.
- J - at the north-east corner of the lake, among the reeds.
- I - on the ridge in the north-east, directly above (north of) J.
- A - on the west shore of the lake, halfway up.
- E - at the northern tip of the lake, exactly where the stream enters.
- G - beside the stream, just to the east of E.
- B - in the forest in the north-west, beyond the end of the west path.
- D - outside the reserve at the south-east corner, on the far (south) side of the road.

Do not add any other letters, numbers, icons or place names. Every letter must be clearly readable and must not overlap a line.

Answer check: 1 Picnic area F · 2 Children's playground C · 3 Boathouse H · 4 Bird hide J · 5 Viewing platform A · 6 Waterfall E · 7 Campsite B · 8 Old mill G · 9 Overflow car park D · 10 Lookout tower I. The island must stay unlabelled (it is the trap in the audio).

4. Visitor centre floor plan (Questions 11-20) → save as P2-PM_map2.png

Create a clean IELTS Listening exam-style FLOOR PLAN as a black-and-white architectural line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no furniture, no shading, no people, white background, thin black walls, simple sans-serif labels. Portrait 3:4, 1200 x 1600 px.

Title at the top: "Lake View Visitor Centre". Compass arrow with "N" pointing up in the top-right corner. Above the building (north side) write "Lake".

The building is one rectangle with three columns: a left column of 3 rooms, a wide central area, and a right column of rooms. The main entrance is a door gap in the middle of the SOUTH (bottom) wall with an arrow pointing in, labelled "Entrance". Just inside the door is a small entrance hall with a desk, labelled "Information desk".

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, no room names:

LEFT column, front to back: E - first room on the left, next to the entrance · A - second (middle) room on the left · J - back-left room.

CENTRE, behind the entrance hall, front to back: F - front half of a large central exhibition hall (split in two by a thin line) · D - back half of that hall · G - a room at the centre of the back (north) wall, directly behind the hall.

RIGHT column, front to back: C - first room on the right, next to the entrance · I - middle room on the right · H - back-right room, with large windows on its north and east walls facing the lake · B - a small space in the far back-right corner beside H, with a staircase symbol (parallel steps).

Do not add any other letters, numbers or room names. Every letter must be clearly readable.

Answer check: 11 Shop E · 12 Toilets A · 13 Café H · 14 Lecture room J · 15 Children's activity room C · 16 Temporary exhibition F · 17 Permanent exhibition D · 18 First-aid room I · 19 Resource room G · 20 Staircase to staff office B.

P3-PM · Induction Tour of the Materials-Testing Lab

A technician shows two engineering students around the lab and its equipment store. · Part 3 · British English

5. Lab floor plan (Questions 1-10) → save as P3-PM_map1.png

Create a clean IELTS Listening exam-style FLOOR PLAN of a university laboratory as a black-and-white line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no shading, no perspective, no people, no furniture detail, white background, thin black lines, simple sans-serif labels. Landscape 4:3, 1600 x 1200 px.

Title at the top: "Materials-testing lab". Compass arrow with "N" pointing up in the top-right corner.

Layout (north is up): one large rectangular room. The main door is a gap in the MIDDLE of the SOUTH (bottom) wall with an arrow pointing in, labelled "Door". A second door gap in the EAST wall, near its south end, labelled "To equipment store".

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, never write the names of the lettered places:

D - against the south wall, immediately LEFT (west) of the main door.

H - the south-east corner, to the RIGHT of the main door.

A - against the north wall, at the west end (a long bench shape).

F - against the north wall, in the middle (a long bench shape).

J - against the north wall, at the east end (a long bench shape).

B - the north-west corner, just beyond (west of) A.

E - the north-east corner, just beyond (east of) J.

C - against the west wall, halfway along.

I - against the east wall, halfway along, directly opposite C.

G - a large square machine footprint in the centre of the room.

Do not add any other letters, numbers, icons or names. Every letter must be clearly readable and must not overlap a line.

Answer check: 1 Safety-equipment cupboard D · 2 Technician's desk H · 3 Workbench 1 A · 4 Workbench 2 F · 5 Workbench 3 J · 6 Fume cupboard B · 7 Storage cupboard E · 8 Emergency shower C · 9 Tensile-testing machine G · 10 Sink I. Nothing may be drawn in the middle of the room except G (the audio says the desk used to be there).

6. Equipment store floor plan (Questions 11-20) → save as P3-PM_map2.png

Create a clean IELTS Listening exam-style FLOOR PLAN of a small equipment store room as a black-and-white line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no shading, no perspective, no people, no furniture detail, white background, thin black lines, simple sans-serif labels. Landscape 4:3, 1600 x 1200 px.

Title at the top: "Equipment store". Compass arrow with "N" pointing up in the top-right corner.

Layout (north is up): one rectangular room. The only door is a gap in the MIDDLE of the WEST (left) wall with an arrow pointing in, labelled "Door from lab". A window in the south wall near the east end, drawn as a thin double line, labelled "Window".

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, never write the names of the lettered places:

- E - a rectangular bench in the centre of the room.
- A - against the north wall, at the west end (a shelf shape).
- G - against the north wall, in the middle (a shelf shape).
- C - against the north wall, at the east end (a shelf shape).
- J - the north-east corner.
- B - against the east wall, halfway along, just south of J.
- I - the south-east corner, directly below the window.
- D - against the south wall, in the middle.
- H - against the south wall, at the west end, near the door.
- F - against the west wall, just NORTH of the door.

Do not add any other letters, numbers, icons or names. Every letter must be clearly readable and must not overlap a line.

Answer check: 11 Calibration bench E · 12 Microscope shelf A · 13 Hand-tool shelf G · 14 Spare-parts shelf C · 15 Logbook station J · 16 Charging station B · 17 Protective-glove drawer I · 18 Waste-disposal bin D · 19 First-aid kit H · 20 Fire extinguisher F.

P4-PM · The Layout of a Roman Bathhouse

An archaeology lecturer uses a floor plan and a cross-section diagram to explain how a Roman bathhouse worked. · Part 4 · British English

7. Bathhouse floor plan (Questions 1-10) → save as P4-PM_map1.png

Create a clean IELTS Listening exam-style archaeological FLOOR PLAN of a Roman public bathhouse as a black-and-white line drawing, like a printed Cambridge IELTS test paper. Flat, top-down, 2D, no shading, no perspective, no people, no furniture detail, white background, thin black lines, simple sans-serif labels. Landscape 16:9, 1600 x 900 px.

Title at the top: "Roman bathhouse · floor plan". Compass arrow with "N" pointing up in the top-right corner.

Layout (north is up): a long rectangular building running west to east, with thick walls. The main entrance is a door gap in the WEST (left) wall, near the middle, with an arrow pointing in, labelled "Entrance". Inside, a row of rooms runs from west to east. Along the west end, open areas sit to the north and south of the first room.

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, never write the names of the lettered places:

C - the first room, immediately inside the west entrance.

B - an open courtyard directly NORTH of C (draw it with a dotted outline to show it is open-air).

E - an open area directly SOUTH of C (a few small plant symbols).

G - a small room in the south-west corner of the building, south of E.

F - the next room east of C.

I - a small room on the NORTH side of F (draw a pool shape inside it).

A - the room in the centre of the building, east of F.

D - a room on the SOUTH side of A.

H - the large room at the far EASTERN end of the building.

J - OUTSIDE the building, a small structure against the east wall of H.

Do not add any other letters, numbers, icons or names. Every letter must be clearly readable and must not overlap a line.

Answer check: 1 Changing room C · 2 Cold room F · 3 Warm room A · 4 Hot room H · 5 Furnace J · 6 Exercise yard B · 7 Garden E · 8 Cold plunge pool I · 9 Massage room D · 10 Latrine G. J must be outside the walls (the audio says you might expect the furnace inside).

8. Hypocaust cross-section (Questions 11-20) → save as P4-PM_map2.png

Create a clean IELTS Listening exam-style CROSS-SECTION DIAGRAM (side view, cut through the building) of a Roman hypocaust heating system, drawn as a black-and-white line drawing like a printed Cambridge IELTS test paper. Flat 2D side view, no perspective, no shading except simple hatching for brick and earth, no people, white background, thin black lines, simple sans-serif labels. Landscape 16:9, 1600 x 900 px.

Title at the top: "Hypocaust · cross-section".

Layout (side view): ground level runs across the diagram. On the LEFT is a furnace with small flames; above the CENTRE is a room labelled "Hot room", with a left wall and a right wall. Under the hot room the floor is raised on a row of short square pillars, leaving a hollow space where wavy arrows show hot air flowing from the furnace to the right and then up inside the right-hand wall. At the far left edge, beyond the furnace, is a small storage area stacked with logs.

Place exactly these 10 letters, each in a small white circle with a black outline. Letters ONLY, never write the names of the lettered places:

G - at the far left, the opening of the furnace, right next to the fire.

H - bottom left, a pit directly BELOW the fire.

C - at the very left edge of the diagram, beyond the furnace (the stacked logs).

E - a low tunnel running along the bottom of the diagram, underneath C.

D - the row of short pillars along the bottom, under the hot-room floor.

A - the thick horizontal floor layer resting on top of the pillars.

F - a small opening in the LEFT wall of the hot room, just above floor level.

I - a small opening in the floor of the hot room, near the right-hand wall.

J - inside the RIGHT-hand wall of the hot room (draw the wall as hollow box tiles with arrows going up).

B - top right, a chimney above the right-hand wall with a little smoke.

Do not add any other letters, numbers, icons or names. Every letter must be clearly readable and must not overlap a line.

Answer check: 11 Furnace mouth G · 12 Brick pillars D · 13 Raised floor A · 14 Hollow wall tiles J · 15 Chimney B · 16 Ash pit H · 17 Fuel store C · 18 Service passage E · 19 Temperature vent F · 20 Inspection hatch I. C must NOT be right next to the furnace (the audio says it is further left, away from the fire).
